YMCA's Diabetes Prevention Program

YOU CAN TAKE CONTROL

The YMCA's Diabetes Prevention Program helps adults at high risk of developing type 2 diabetes reduce their risk for developing the disease by taking steps that will improve their overall health and well-being.

Research by the National Institutes of Health has shown that programs like the YMCA's Diabetes Prevention Program can reduce the number of new cases of type 2 diabetes by 58% and 71% in adults over the age of 60.

PROGRAM REQUIREMENTS

- Must be over 18 years of age
- If you one of the following pertains to you:
 - Been diagnosed with prediabetes
 - A qualifying score on the prediabetes risk assessment
 - Are over the age of 65
